BECOME PART OF THE MOVEMENT

I’m building The Surrey Wholeness Festival from the ground up, and I would love you to be part of from the beginning.

Starting a movement isn’t about following a script or sticking to rigid traditions.
It’s about turning the spark of an idea into a collective energy, with likeminded people.

This is your chance to shape a new tradition, claim your founding member status, and connect with a **community of passionate people** who are ready to make some noise.
Don't just watch history happen—come help me write it!

THE BENEFITS...

The Surrey Wholeness Festival is an event fueled by **raw passion**, **excitement**, and a **contagious energy**. Without decades of rigid tradition, there is immense freedom to experiment with new ideas and formats; enabling me to think creatively to bring this special event to life.

What It Means To Be Part Of The Movement?

Belonging

True community, belonging functions as a quiet, unbreakable anchor—it transforms a collection of isolated individuals into a collective "we," giving you the psychological safety to take risks, create wildly, and show up exactly as you are.

Acceptance

Feeling like you belong—being seen, accepted, and supported as your authentic self —is a fundamental human need tied deeply to survival, identity, and overall well-being.

Being accepted—whether by a social group, into an institution, or through emotional and self-acceptance—brings profound psychological, social, and practical benefits

Community

Stronger Connections, Building lasting connections, and strengthening networks gives us a deep sense of belonging.

Reduced Isolation, Lowering stress, anxiety, and loneliness by bringing people together in shared, welcoming space

"Earth isn't a disposable camera—

We don't get another one when this runs out.

Protect our environment like your future depends on it.

Because it does. 🌱"

Take Care of the Planet and the Environment

Keeping your surroundings clean and safe is part of being a good citizen. You can do this by not littering and recycling.

THE WHY...

What are the benefits of an event like this?
People need wellness and to feel whole because human health, happiness, and survival depend on the deep connection between the mind, body, emotions, and social environment

A Sense of Belonging:
Feeling whole means having a sense of meaning, purpose, and community connection

Better Quality of Life:
Feeling fit, having meaningful relationships, and having a purpose make daily life more enjoyable.

Stress and Illness Prevention:
Healthy habits and stress management stop chronic physical and mental illnesses before they start.

Emotional Resilience:
Managing emotions helps people bounce back from life's inevitable challenges and hard times.

Longer Lifespan:
High overall well-being is linked to better physical health, stronger immune systems, and added years of life

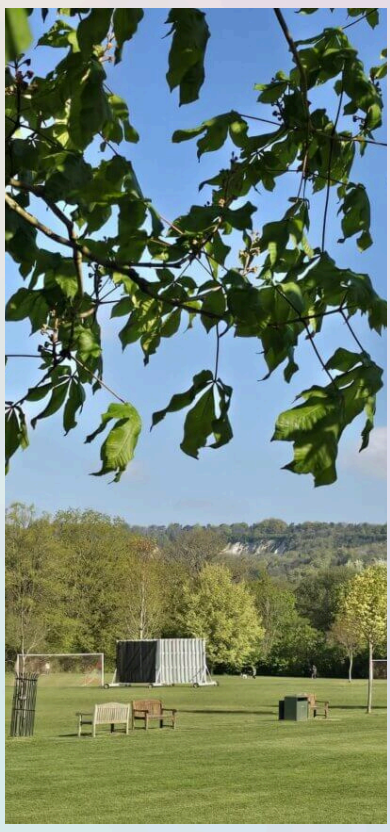

Interconnected Areas:
True health requires balance across multiple areas of life, including physical, emotional, social, and spiritual dimensions

Bringing the connections & network to you

Introductions to the people who genuinley care, who are passionate and experienced in what they do.

"Giving you a face to the name"

THE FUN FACTS...

Non-Profit? So where does the money go?
Directly into making this the best festival possible!

I'm putting almost every penny directly into the event. This allows me to launch a quality, well executed, passion led, purposeful event.

This event is happening because I truly care about creating something special together, built entirely from the heart

Where does the rest of the money go?
Straight into the charity pot!
Whilst almost every penny goes directly into the event, £5 from every pitch will be donated to

BBC Children in Need 2027

By you exhibiting and advertising at this event, you will also be supporting the following charities...

Oxted's meeting place for companionship and crafts
The Woodhouse Craft Centre and Men-in-Sheds continues to be more than a community craft centre. Increasingly it's a vital hub at the heart of Tandridge. With **creativity**, **inclusion**, **sustainability** and **community spirit** we continue to evolve our welcoming, accessible space and services.
